

## Graduate Extramural Support Office

The Graduate Extramural Support Office has been established to provide guidance and encourage students to successfully seek extramural funding.

In addition, the office serves as a coordinating point for faculty seeking support as they apply for training grants.

### SERVICES INCLUDE:

- **General**
  - Accessible central hub of information on extramural fellowships and training grants
  - Liaison between UCI and external funding agencies (e.g., NSF and NIH)
- **For students**
  - Coordinate funding workshops through the Graduate Resource Center
  - Help students access campus services and other support in applying for extramural funding
- **For faculty**
  - Coordinating point for support and direction in developing training grant proposals and renewals
