

Participant – Submitting a Health Questionnaire

Submitting a Health Questionnaire Form

The Health Questionnaire is filled out by the Participant.

- The Supervisor never sees the Health Questionnaire
- The participant only needs to complete the Health Questionnaire form one time and it will be reused if they have multiple Risk Assessments
- The Participant only has 30 minutes to complete the form, so it is very important to have access to your medical information while completing the HQ

The Health Questionnaire:

Provides the Medical Professional with Participant's medical history, including:

- Vaccines
- Tuberculosis Screening
- General History
- Exposures
- Biological Hazards
- Allergies
- Health Status Changes

Completing the Health Questionnaire

Participants should complete the Health Questionnaire to the best of their ability. Any unknowns or unclear answers may slow the process down.

- Participants will be automatically taken to the Health Questionnaire upon agreeing to the Risk Assessment
- If you choose to come back and complete the Health Questionnaire later, you can access it from your home page under **Pending Actions**
- If a Health Questionnaire is already on file, you can review the form and approve it with no changes, or if there have been changes to your health, you can modify it by selecting the **Modify** button at the bottom of the page
- Once you have completed the Health Questionnaire, select the Save Health Questionnaire button

The next step will be for the Medical Reviewer to review the Risk Assessments and your Health Questionnaire and perform a Medical Assessment.
